6. Assumptions

- Internet connection is available.
- Customer has registered mobile number.
- OTP service is active.

7. Constraints

- Web application only.
- English language only.
- Currency = INR.

8. Sample Screen Flow

9. Sample Testable Requirements

Requirement ID	Requirement
FR-01	User shall login using valid credentials.
FR-02	System shall display dashboard after successful login.
FR-03	User shall view account balance.
FR-04	User shall add beneficiary.
FR-05	User shall transfer funds.
FR-06	OTP required above ₹50,000.
FR-07	User shall pay bills.
FR-08	User shall change password.
FR-09	User shall logout successfully.

Exercise	Student Deliverable
IEEE 829 Test Plan	Complete Test Plan
Test Scenario	20–25 Scenarios
Test Case Design	30–40 Test Cases
Positive/Negative Testing	Login, Fund Transfer, Bill Payment
Boundary Value Analysis	Transfer Amount, Password Length
Equivalence Partitioning	Login, Amount, Account Number
Decision Table	OTP, Balance, PIN, Beneficiary Validation
State Transition	Login, Account Lock, Logout
RTM	Requirement-to-Test mapping
Defect Report	Log defects against failed test cases
